

Kimberlite®

Value Proposition of Efficient Chemical Working

**SCALES, CORROSION, FOAM
MICROBIAL CONTAMINATION**
Kimberlite has solutions.

Email: info@kimberliteindia.com | www.kimberlitechemicals.com

Kimberlite offers a large array of specialty chemicals such as Antiscalant, Biocides, Corrosion Inhibitors Bio-Dispersant coagulants, flocculants, defoamers etc., which play an inevitable role in more or less all the steps of Industrial Water Treatment.

Cooling Tower Treatment

- Antiscalant
- Corrosion Inhibitors
- Biocides
- Bio dispersants
- Closed loop Treatment

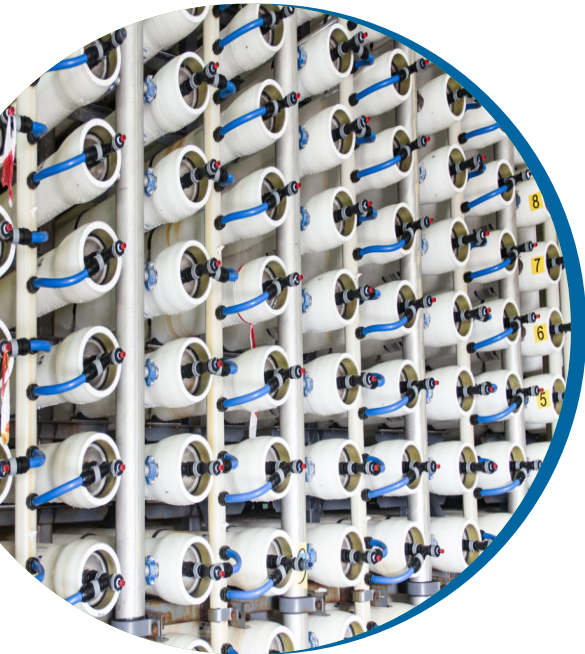

Boiler Water Treatment

- Antiscalant
- Oxygen Scavenger
- Sludge Conditioner
- Condensate Treatment
- Antifoam

Effluent/Wastewater Treatment

- Synthetic Coagulants
 - Defoamers
 - Colour Removal Aid
 - Odour Scavenger
 - Flocculants
-

RO/Membrane Treatment

- Antiscalant
 - Biocides
 - Membrane Cleaners
 - pH Boosters
-

Why Tacelene Chem?

- Compatible with almost all types of water treatment programme
- Not corrosive to feed equipment and excellent corrosion protection
- Easy to use and control
- Most of the products can be dosed directly without dilution

Kimberlite develops the products specifically for each industry/Processes as it understands the importance of the standards of the products in the process.

Kimberlite supports its customers with value propositions and productivity – that makes Kimberlite products unique – being selected for major industrial processes.
